Foreword

TO THE TRADE:

We take pleasure in presenting our 1940 contract and general trade list.

An institution grows as it is capable of serving well its many customers. We serve the discriminating trade what it demands: MERIT FLOWER SEEDS.

We are justly proud of the esteem and favor our stocks have attained, and devote all our energies to the perfecting of existing strains and the development of new varieties.

We extend to the seed trade a most cordial invitation to visit our experimental and trial grounds and our extensive ranches, and personally acquaint themselves with the purity of our cultures.

Trials will be gladly supplied gratis to any member of the Seed Trade.

We again welcome the opportunity to thank our patrons for their generous support in the past and will do our utmost to justify its continuance.

GENERAL CONDITIONS OF DELIVERY

For every order, we agree to plant sufficient land to produce the desired quantity of seed under normal conditions.

Should the outcome of the crop be lower than our estimation, orders will be filled pro rata only.

Crop failure or any other cause beyond our control releases us entirely from delivery.

We give no warranty, express or implied, as to description, purity, productiveness, or any other matter of any seeds we sell, and we will not be in any way responsible for them.

TERMS

All seeds are quoted f. o. b. Guadalupe, California, for delivery after harvest crop of 1940, 60 days acceptance net, less 2% cash thirty days. All invoices payable in U. S. dollars only.

All overdue accounts subject to sight draft without further notice.

Bags and containers will be charged at cost and are not returnable.

While we are confident prices given in this catalog are very reasonable, we shall be pleased to have the opportunity of meeting any reasonable competition of houses of repute.

We reserve the right to change prices in this list at any time.

Nickel electrotype. Price on application.

AGERATUM MIDGET BLUE

Silver Medal 1939

After many years of diligent selection there is a real satisfaction in being able to offer a very fine dwarf (2 to 3 inches high) Ageratum with delicate fine foliage, which is practically smothered with small true Ageratum Blue flowers.

This is really the first dwarf Ageratum that we have found that will come uniformly dwarf and true to color from seed.

Ageratum Midget Blue was awarded a SILVER MEDAL in the 1939 All-America Trials, but due to insufficient seed being available the introduction was withheld until this past season.

Price per oz. \$3.50, per lb. \$40.00.

NEW ANTIRRHINUM RUST RESISTANT LARGE FLOWERED GIANTS (Majus Grand.)

Bronze Medal 1940

NEW RUST RESISTANT LARGE FLOWERED GIANT (Majus Grand.)

ROSALIE. This exciting color is entirely new in Antirrhinum. It is a rich deep rose with an underlying tone of topaz or amber, giving it a richness which makes it stand out conspicuously among all other colors. The tube and lip are the same color which greatly intensifies the depth and richness of color.

The plants are base branching and produce from six to eight huge long flowering spikes on which the florets are decidedly well arranged. This is an all-purpose Snap. We cannot recommend it too highly for both bedding and cutting.

Price per oz. \$1.25, per lb. \$15.00.

Nickel electrotype.
Price on application.

NEW ANTIRRHINUM RUST RESISTANT LARGE FLOWERED GIANTS

(*Majus Grand.*) **BRILLIANT ROSE**—A bright, clear, true rose pink, a color that is good to look at. Probably the color that most people would select out of a group. Tube and lip are the same color with only a very faint yellow touch to the nose as if touched with pollen.

This new Snap, like Rosalie, is base branching, which makes a fine variety for either bedding or cutting.

R. H. Color Chart—*Tyrian Rose* 24/2.

Price per oz. \$0.75, per lb. \$9.00.

NEW DAHLIA COLTNESS WALLER-FRANKLIN FORMULA MIXED—

For a number of years we have devoted a great deal of time and space in the trial ground to the development of a better strain of the Dahlia Coltness Hybrids. We now offer a superior strain with a greatly increased range of colors. Shades of Canary Yellow, Scarlet, Terra Cotta, Apricot, Crimson, Lavender-Pink, Purple, Maroon, Buff, Cream and White are some of the additions that we feel are particularly outstanding.

Price per oz. \$0.65, per lb. \$8.00.

NEW DIMORPHOTHECA SPECTABILIS—Some of our most interesting and appreciated varieties of flowers that we now list have come from Africa and we are glad to be able to add to this list *Dimorphotheca Spectabilis*, which is classed as a perennial that blooms the first year from seed. We prefer to offer *Spectabilis* as a half-hardy perennial that should be treated as an annual in the more severe climates. We would recommend the same cultural directions for this item as are used for *Dimorphotheca Ecklonis*.

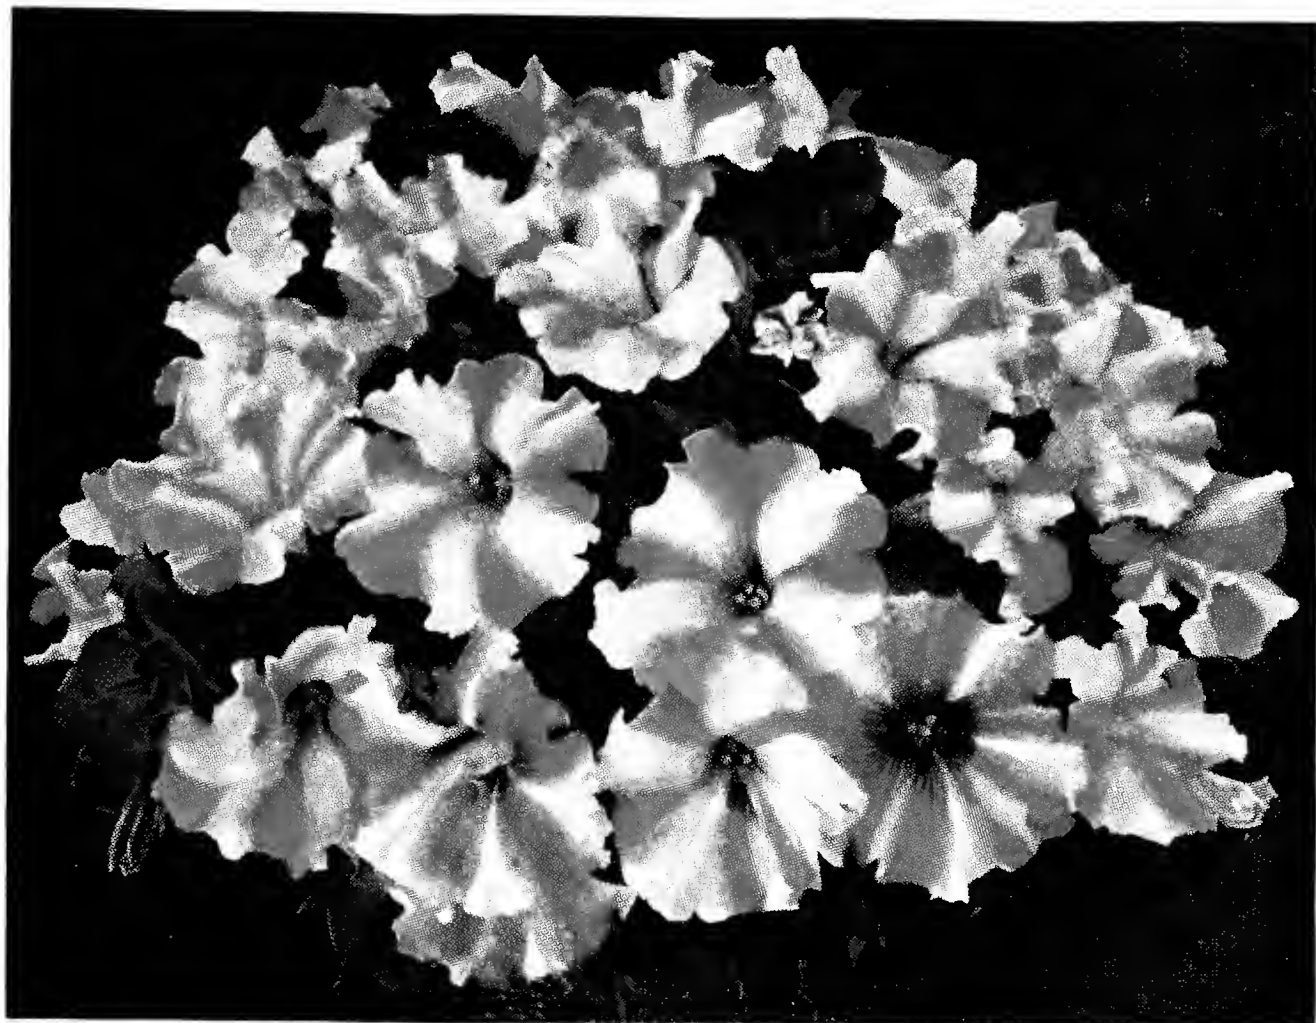

Spectabilis has a single daisy-like bloom about two inches in diameter. The color is deep pink with a shining black center. The habit is similar to other varieties of *Dimorphotheca* except that it grows somewhat taller. Stems twelve to fourteen inches long are produced in abundance.

Gardeners who experience difficulty in finding a sufficient variety of plants for hot dry places should welcome this new *Dimorphotheca* both for bedding and cutting purposes.

Price per oz. \$1.00, per lb. \$12.00.

PETUNIA RUFFLED NANA COMPACTA BETSY ROSS

Since the introduction of Petunia Martha Washington we have looked forward to the addition of other colors in this fine type of Petunia. The color of Betsy Ross is red and white, with the white blending to golden and the red blending to very deep red in the throat. The blooms are 2½ inches in diameter and well ruffled with a good open throat.

This color combination of red and white blooms with golden and dark red throats gives the individual plant, as well as a row of plants, a decidedly gay effect, particularly since the plants are so uniform and compact and so completely covered with ruffled blooms. In addition to being unsurpassed for bedding purposes, this new Petunia, due to its fine habit and free flowering quality, is sure to become very popular as a pot plant.

Price per 1/16 oz. \$2.00, per ¼ oz. \$6.00, per oz. \$20.00.

TWO NEW SUPERIOR GIANT IMPERIAL LARKSPUR

Particularly outstanding because of their true base branching habit
and non-shattering quality.

LARKSPUR GIANT IMPERIAL ROSALIND—A new color in Larkspur, rose with just enough suffusion of salmon to create a most pleasing new shade of rose pink. True base branching in habit with a center spike four to five feet tall and from six to eight side branches three to four feet long, all emanating from the base. The spikes are wiry and the blooms practically non-shattering, a quality so essential for cutting or shipping.

Price per oz. \$0.45, per lb. \$5.00.

LARKSPUR GIANT IMPERIAL MONTROSE—This variety, like Rosalind, is a true Giant Imperial (base branching) and non-shattering. The color is a clear rose pink. The florets are exceptionally large, well and closely set on wiry spikes that are three to four feet long.

Price per oz. \$0.45, per lb. \$5.00.

NEW MARIGOLD EXTRA EARLY DWARF HYBRIDS (CARNATION FLOWERED)—This is the earliest of all African type Marigolds. Exceptionally free flowering, the color ranging from bright orange to clear lemon including a number of rich medium orange shades. It grows to a height of 18 inches with many base branches and laterals, all blooming at the same time, producing a mass of color that completely smothers the foliage.

The blooms are from 2½ to 3 inches in diameter, of a Guinea Gold type but with a quilled center. An entirely new and distinct type of Marigold.

Seedsmen who cater to trade located in a climate with a short season should welcome this new extra early flowering Marigold. It will bloom from three to four weeks ahead of the other African Marigolds.

R. H. Color Chart—Shades Cadmium Orange 8/1-8; Tangerine Orange 9; Indian Yellow 6.

Price per oz. \$0.65, per lb. \$8.00.

NEW PETUNIA NANA COMPACTA VIOLET BLUE—The grand color of this new Petunia, which is a rich violet with a bright blue cast, justifies its being classed as the most important addition yet to be developed in the Nana Compacta group. The plants are near perfect in their uniform, symmetrical and compact habit. A decidedly neat plant that will hold its fine habit throughout the season.

Its clean, dark foliage is hardly visible due to the great number of rich, violet blue flowers. This color has been lacking in the Nana Compacta group and we strongly recommend that you feature this new Petunia in the novelty section of your 1940 catalog.

R. H. Color Chart—No similar color in chart. It might be classified as one shade lighter than the well known Elk's Pride.

Price per oz. \$2.10, per lb. \$25.00.

NEW STOCK SUPER GIANT IMPERIAL FIERY RED—This season we are pleased to add in FIERY RED another fine color to the Super Giant Imperial group of Stocks. This type of Stock has been especially bred and selected for the cut flower growers' use. It grows about 3 ft. tall, is base branching, each plant producing from twelve to fifteen huge flowering spikes with double florets measuring two inches or more in diameter.

Price per oz. \$2.50, per lb. \$30.00.

NEW SWEET PEA SPENCER RED SUPREME—The bright red color of this new Sweet Pea is unique in that it is without the dull maroon cast common to all other Sweet Peas in this color group, with the result that the color is intensified into a bright luminous red never before offered in a Sweet Pea.

Red Supreme produces a very strong plant with an abundance of blooms on long stems. This should be your standard late red variety.

Price per lb. \$1.50.

NEW SWEET PEA SPENCER SALMON GIGANTIC—This new salmon pink Sweet Pea has great plant vigor, enormous sized blooms which are nicely waved and frilled and produced on fine long stems.

A salmon pink that is delicate and yet decidedly rich and bright. A fine novelty.

Price per lb. \$1.50.

NEW SWEET PEA EARLY FLOWERING SPENCER SKIPPY—For many years the growers of Early Flowering Sweet Peas have been asking for an early salmon pink with GOOD STEMS. After several years of intense selection we are pleased to offer SKIPPY. A new and very pleasing shade of light salmon pink with not only good long stems but if favorably grown will produce four to five blooms to each stem. This new Sweet Pea will sell itself if given a trial.

Price per lb. \$3.00.

NOVELTIES ORIGINATED BY OTHER GROWERS

CALENDULA YELLOW COLOSSAL—An extra large flowered lemon yellow Calendula which is free flowering. The blooms are similar in type to Chrysantha but much larger. Price per oz. \$0.45, per lb. \$5.00.

MARIGOLD MINIATURE YELLOW PIGMY

Honorable Mention 1940

Very dwarf and compact plant about 8 inches tall. Free flowering with tiny French Lilliput type of blooms measuring less than an inch in diameter. A light lemon yellow in color. Price per oz. \$0.45, per lb. \$5.00.

MARIGOLD HARMONY TYPE FRENCH TALL SINGLE FERDINAND—

Ferdinand is unusually bright and colorful, growing 20 to 24 inches tall. The blooms are single with a striking golden yellow crested center surrounded by a single row of broad rich mahogany-red guard petals. The diameter of the blooms is about 1½ to 1¾ inches. The stems are long and wiry which makes this variety fine for cutting in addition to its bedding qualities. Price per oz. \$0.50, per lb. \$6.00.

PETUNIA DWARF BEDDING CREAM STAR

Silver Medal 1940

One of the most compact and free blooming Petunias yet to be offered. The plant is about 12 to 14 inches tall and the same distance across. It is early and true to type. The color is cream deepening in the throat to golden yellow. The blooms are shaped like a five-pointed star and are about 2¼ inches in diameter. Price per oz. \$3.50, per lb. \$40.00.

SCABIOSA HEAVENLY BLUE

Bronze Medal 1940

A lovely azure-blue, early flowering and exceptionally free flowering "dwarf" Scabiosa. The plants grow about 18 to 20 inches high and are decidedly uniform. The blooms are double with a high crown, measuring 1½ inches in diameter.

This new dwarf Scabiosa is suitable for both bedding and cutting as well as for medium height borders. Price per oz. \$0.85, per lb. \$10.00.

LARKSPUR SUPER-MAJESTIC ROSE PINK—A clear rose pink with grand long spikes which often attain a height of six feet. The habit of the plant is compact and base-branching. (*Originator's description.*) Price per oz. \$0.45, per lb. \$5.00.

LARKSPUR MAJESTIC ROSE PINK—The color may be described as clear sparkling salmon pink, a softer shade than any hitherto produced. The plant is taller than the Imperial type by about a foot. Very compact, of base-branching habit producing fine long-stemmed lateral spikes, which are excellent for cutting. (*Originator's description.*) Price per oz. \$0.35, per lb. \$4.00.

NEW SWEET PEA SPRING FLOWERING BLUE

Honorable Mention 1940

A clear marine blue about the color of Early Mariner. It is one of the most vigorous of the new Spring Flowering Sweet Peas, and the strong growing vines produce a wealth of flowers on long, stout stems. When tested under hot weather conditions, Spring Flowering Blue performed splendidly. (*Originator's description.*) Price per lb. \$5.00.

NEW SWEET PEA SPRING FLOWERING ROSE PINK

Bronze Medal 1940

The blossoms of this grand variety are a beautiful clear rose pink, a shade between Early Giant Rose and Shirley Temple. Its outstanding merits are great vigor of growth, ability to grow successfully under hot weather conditions, unusually long, stout stems, and its heavy crop of flowers and long season of production. It is a splendid variety for commercial greenhouse growers who desire long-stemmed flowers in winter from June sowings and late spring flowers from late fall sowings. (*Originator's description.*) Price per lb. \$5.00.

NEW SWEET PEA SPRING FLOWERING LAVENDER

Honorable Mention 1940

An appealing shade similar to that of Early Memory or to the Late Spencer varieties, King Lavender and Powerscourt. The beautiful clear lavender flowers are borne on long strong stems, one of the outstanding characteristics of the new Spring Flowering type. The growth is always encouragingly vigorous even under hot weather conditions and a heavy crop of flowers is produced over a long period. A charming companion to Spring Flowering Rose Pink. (*Originator's description.*) Price per lb. \$5.00.

ITEMS OF SPECIAL INTEREST

* * * * *

ALYSSUM DWARF COMPACT VIOLET QUEEN—A very pretty bright violet, much deeper than Lilac Queen, quite distinct in both color and habit. A fine companion for Little Gem. Price per oz. \$0.45, per lb. \$5.00.

DIMORPHOTHECA GLISTENING WHITE—An annual slightly more dwarf in plant habit than the Aurantiaca varieties. The blooms are extremely large, measuring 3½ to 4 inches in diameter with shiny black centers to which are attached a single row of long glossy pure white petals. The flowers, because of the shiny black centers and the glossy petals, give one the impression of having just been enameled, which makes it stand out among the other varieties of Dimorphotheca. Price per oz. \$0.85, per lb. \$10.00.

HOLLYHOCK DOUBLE BEGONIA FLOWERED PASTEL MIXED—Grows about five feet tall—flowers five inches across with fringed edges. Price per oz. \$0.65, per lb. \$8.00.

HOLLYHOCK SEMI-DOUBLE SOUVENIR de MADAM PERRIN MIXED—A blend of unusual colors of semi-double blooms. The placement is good, with a wonderful range of colors. This blend, like the above Pastel Mixed, will more than please the most critical Hollyhock growers. Price per oz. \$0.65, per lb. \$8.00.

NASTURTIIUM GLEAM INDIAN SUMMER NEW—Like Indian Chief this new introduction has dark foliage. The flowers are of a beautiful orange-buff color and therefore entirely distinct as this color hitherto did not exist yet in Nasturtiums. (*Originator's description.*) Price per lb. \$1.00.

NASTURTIIUM SEMI-DOUBLE DWARF SCARLET EMPRESS—With the dark green foliage and deep scarlet blooms of the Dwarf Single Empress of India. A welcome addition to the dwarf semi-double group. Price per lb. \$1.00.

NASTURTIIUM SEMI-DOUBLE DWARF FIREBRAND—Brilliant cerise scarlet blooms abundantly produced well above the medium dark foliage. Also a welcome addition to the semi-double dwarf group. Price per lb. \$1.00.

POPPY ICELAND RED CARDINAL—The first real red to be offered in the Iceland Poppy class. The color is a brilliant cardinal red. The flowers are borne on long wiry stems. Price per oz. \$1.25, per lb. \$15.00.

DAHLIA WALLER-FRANKLIN DWARF HYBRIDS—Since the Unwin Dwarf Hybrids were introduced in 1928 we have been selecting to increase the proportion of doubles reproduced from seed. We now have a strain which contains a higher percentage of true doubles than the original and a much wider range of colors. Some of the lovely new colors are: Shades of Canary Yellow, Scarlet, Terra Cotta, Apricot, Crimson, Lavender-Pink, Purple, Maroon, Buff, Cream, White, etc. An improved Unwin type. Price per oz. \$1.25, per lb. \$15.00.

ANTIRRHINUM or SNAPDRAGON annual

Having accomplished our purpose in creating a wide color range of RUST RESISTANT Snapdragons in each of the important groups, we now feel the time has come to drop the non-resistant kinds which we have been growing for the past few years at a loss. Rust Resistant Snapdragons have given satisfaction wherever grown. We trust our customers will take this opportunity to revise their lists and catalog only Rust Resistant Snapdragons in the future.

DELPHINIUM PACIFIC GIANTS (Vetterle and Reinelt)

A new strain originated on the Pacific Coast. Huge flowers two and one-half to three and one-half inches in diameter, beautifully spaced on well balanced spikes, thin woody stems. Comparatively mildew resistant, this strain is practically 100% double. Through an arrangement with Vetterle and Reinelt we are able to offer, from 1940 harvest, seed produced by the originator on two fine new novelties and a special Mixed in addition to the many fine varieties and shades offered last season.

BLACK KNIGHT SERIES

- dabae

The darkest of them all. Individual flowers two and one-half to three inches in diameter; of beautiful round form, with heavy velvety texture, which gives the color luminosity and vividness not seen before in Delphinium. Very long, well-formed spikes; a true show flower. (*Originator's description.*)
- Seed from originator's stock.....\$ 8.50 \$120.00

BLUEJAY SERIES

- dabca

Every Delphinium lover seeks the true blue color, which is so rare in nature and so difficult to obtain. These series are our bid toward attaining it. The color is striking, clear medium to dark blue; very intense and alive, with dark, contrasting bee. (*Originator's description*)
- Seed from originator's stock.....8.50 120.00

ROUND TABLE SERIES

- dabdy

As the name implies, this represents all of the color combinations of the Knights and their Ladies which will eventually be introduced. This year some three hundred different crosses were used to make up this group, combining all the newest color developments and possessing size that will make them invaluable for show purposes. (*Originator's description.*)

DELPHINIUM PACIFIC GIANTS—Continued

TWO FINE VARIETIES INTRODUCED LAST SEASON

GALAHAD SERIES

dayez Clear White of enormous size, averaging three inches in diameter of individual flowers with very heavy glistening texture, pyramidical spikes with well spaced flowers, good branching habit, strong whippy stems with a high percentage of mildew resistance. The Galahad series not only puts the white on a par with the largest and strongest Delphiniums, but in a great many cases supersedes them. (*Originator's description.*)

Seed from originator's stock.....\$ 6.50 \$90.00

LANCELOT SERIES

dayfx A new color in Delphinium of pure lilac self tone with white bee. Individual flowers 2 to 2½ inches in diameter. The growth has all the desirable characteristics making it an ideal cut and show flower. (*Originator's description.*)

MARIGOLD (Tagetes) annual

The botanical name of the African Marigold is *Tagetes Erecta*. The French Marigold is *Tagetes Patula*.

MARIGOLD TALL AFRICAN DOUBLE FISTULOSA, 3 ft.

An especially fine tall branching strain, bearing enormous flowers of the quilled type.

One of the greatest improvements in the history of African Marigolds. No longer do we have to be content with 40 or 50 per cent singles. This new strain is 100 per cent double, with huge perfectly formed, quilled heads.

As originators, we claim to have the most perfect and best strains. Special for florists.

maaro **Lemon All double** (Waller-Franklin).

maasm **Orange All double** (Waller-Franklin) A. M., R. H. S., 1933

NEW MARIGOLD DWARF ROYAL SCOT ALLDOUBLE

For many years we have been working on striped French Marigolds and we now have an achievement of which we are very proud. We offer the trade a new strain of Dwarf Striped French Marigold. Growth, dwarf and bushy, every plant of a uniform shape and height of about 10 to 12 inches. Color is rich mahogany and gold in uniform stripes. In addition, we offer practically absolute doubleness in each plant, something quite new in French Marigolds. We have, we consider, appropriately named this fine strain Dwarf Royal Scot Alldouble. All present strains of Dwarf Striped French Marigolds should be replaced by Dwarf Royal Scot Alldouble. Winner of Special Mention in 1937 All-America Selections. Price per oz. \$0.65, per lb. \$7.50.

PANSY (Heartsease) Botanical name **Viola Tricolor**. 6 in. biennial-annual

PANSY WALLER-FRANKLIN SPECIAL FORMULA MIXTURE OF SWISS GIANTS

papvy This magnificent blend of choice colors far surpasses in quality and range of color any mixture of Swiss Giants we have ever seen. The plants appear more compact than the usual Swiss Giants and most of the flowers are beautifully frilled. The Formula Mixture was the last contribution of the late Dr. Franklin to floriculture and we consider it a supreme Pansy mixture.

PETUNIA HYBRIDA HOLLYWOOD STAR

ALL-AMERICA  SELECTIONS

Silver Medal 1939

This lovely new Petunia is a charming shade of rich rose with an amber throat. Hollywood Star is unique in the form of its flower which consists of a five pointed star. This is a very fine garden variety as it is early and free blooming and the strong vigorous plant is so smothered with blooms that hardly any foliage shows.

Price per oz. \$2.10, per lb. \$25.00.

Petunia Super Fluffy Ruffles Mixed

PETUNIA SUPER FLUFFY RUFFLES MIXED. There is often a story back of the introduction of a new or improved flower. A number of years ago it was brought to our attention that the original strain of Fluffy Ruffles originated by Mrs. Shepherd was lost and that the strain then being sold was inferior in ruffles and frills. It was a mixture of *Hybrida Grandiflora Fimbriata*, while the original Shepherd's Strain was a selected strain more ruffled and frilled. The original strain was gone beyond recovery so we got to work to get the ruffles and frills back. Our work was successful beyond our expectations and we are able to offer a real *Super Fluffy Ruffles* so ruffled and frilled that the flowers have the appearance of being double and the strain is far superior to the original. The type is practically 100% true. The flowers are very large with a large throat. It is a well balanced mixture of Pink and White, Salmon, Salmon Pink, Deep Rose, Rose, Crimson and Light Blue. But the outstanding beauty is the loveliest frills and ruffles imaginable.

Price: 1/16 oz. \$4.00; 1/4 oz. \$12.00; per oz. \$40.00.

After five years of intensive work this strain has been bred dwarfed until this is a dwarf giant that really is dwarf. This strain is only about half as tall as the original Dwarf Giants. In our breeding we have worked for three objectives: Earliness, Dwarfness and Compactness. All three objectives have been obtained. It is just the strain the florists want for pot work as it throws a bloom when it is only three or four inches high. The color range has also been greatly improved.

NEW SCABIOSA GIANT ANNUAL SALMON BEAUTY

Ever since we introduced Scabiosa Loveliness in 1930 as a new color in salmon rose tones, we have been working hard to perfect a pure salmon Scabiosa. The work was started simultaneously with Loveliness so that we have put in at least twelve years work on this new color. It is with great pleasure that we offer Scabiosa Salmon Beauty as a pure Salmon in color with huge flowers and all the vigor of its near relative, the popular Loveliness.

Price per oz. \$0.65, per lb. \$8.00.

SCABIOSA GIANT ANNUAL ROSETTE

As the result of many years' selection and painstaking care, we have created a glorious new color in Annual Scabiosa. Rosette is a beautiful shade of deep rose heavily suffused with salmon. The flowers are extra large and the stems are long and stiff. This glorious, glowing new color has made Rosette a most popular flower for the garden and also with the florist for cutting. It is a fitting companion to Loveliness, Peach Blossom and Shasta, all of which have received Awards of Merit from the Royal Horticultural Society.

12 BEST VARIETIES
of
EARLY FLOWERING SWEET PEAS

The following 12 varieties we consider the most valuable for cut flowers, either for culture under glass or for growing out of doors. Strong vigorous growth of plant; long, stout stems and large flowers freely borne are characteristic of all the varieties.

Price
per lb.

SHIRLEY TEMPLE, is the most beautiful Sweet Pea we have ever originated. It has blooms with the size and richness of color in Pinkie plus the dainty frilled and fluted flowers of Lady Gay. The color is softer and more beautiful than Pinkie. The flowers are the largest we have seen on any Sweet Pea and it has long stems with four very large blooms on each stem.....	\$2.00

VERBENA HYBRIDA GRANDIFLORA (GIANTS) 1 ft. annual

A magnificent strain of Verbenas, of robust compact habit and free blooming. The trusses are immense, the individual florets measuring an inch in diameter. For up-to-date catalogs we strongly recommend the use of this group and the dropping of the smaller flowered Hybrida varieties.

BRILLIANT (Waller-Franklin) (New)

vafiv In 1925 we introduced Verbena Luminosa which has become one of the most popular Verbenas in cultivation. Many seed houses have standardized it as the best pink. We now offer a great improvement over this variety in Brilliant. The color is a rich, deep, flame rose, with a medium sized white eye. The white eye helps to bring out the intense flame color in the rose. This is one of the richest colored Verbenas we have ever introduced. It is a good doer and the seed shows a tendency to germinate more freely than most other Verbenas.

Price per oz. \$1.25, per lb. \$15.00.

VERBENA HYBRIDA GRANDIFLORA—Concluded

SPECTRUM RED (Waller-Franklin)

vadok As its name implies, this Verbena is an intense bright red, brighter than any other Verbena yet introduced. According to Ridgway, it is classified between Spectrum Red and Scarlet Red. Having no eye, the color is intensified, and its brilliance is quite dazzling. It is brighter and larger than Lucifer and is comparable only to Etna, but without Etna's yellow eye. Individual florets are one and one-fourth inches in diameter. We recommend this as the brightest Verbena in existence. Received special mention in the 1934 All-America Selections. A. M., R. H. S. '35.

Price per oz. \$1.25, per lb. \$15.00.
